

## YAPTON C. of E. PRIMARY SCHOOL

As part of the School's statutory duty, please find below a link to the school's 'Financial Benchmarking Service'

### **What is School's Benchmarking?**

Benchmarking is the process of comparing our spending with other schools that have similar characteristics to Yapton Church of England Primary School both locally and/or nationally. It allows you to compare the school's spend in different areas such as staffing, supplies and buildings.

Please follow this link to the Government's website:

<https://schools-financial-benchmarking.service.gov.uk/school/detail?urn=126001>

As of the Academic Year 2024 /2025, the school does not have any employees with a gross annual salary in excess of £100,000.00.

We also do not have any union officials on staff and therefore the hours taken to complete duties is zero.
