

# ✨ Snap, Crackle, Pop! ✨

Professors Parsons, Lax and Costello need your help...

There's a **Potion Commotion** in KSI and we're going to have to work together as a team to sort it out!

The potions in the KSI potions lab are in a giant jumble! There are magical mix-ups and mysterious muddles, everywhere you look!

We need to make a 'Put it **right**' potion to fix it... and that's how you can help.

We need the ingredients that make each of you special and unique. Perhaps you are kind, helpful, funny, creative, strong, brave, friendly, and amazing dancer, athlete, cook or artist!

Please can you draw, paint or even take a photograph of your unique magical ingredient and bring it with you to school on **Monday 7<sup>th</sup> September**.
