

Tuesday 24th February

Sizzle and Shiver Hook Day

When we return after February half term, we will begin our new topic - Sizzle and Shiver!

During this topic, we will be learning all about Shackleton's eventful journey to Antarctica aboard his famous ship, Endurance!

On our hook day, we will be creating dioramas based around the Antarctic and the wildlife that can be found there.

We would like you to bring in a shoebox on Tuesday 24th February in order to create your Antarctic-themed diorama.
